Letter no C58-134'48-0 dt 18/3'49 from the DPH soliciting orders of Govt in the matter of bills to be payed by the Bangalore City Municipality

① It is reported that the Bangalore City Municipality have resolved not to pay two bills one for Rs 1,420 & the other for Rs 120 for testing samples of milk & ghee respectively by the Chemical Examiner, Public Health Institute. The claim has been further supported & we found that in the absence of Municipal Chemist, charges for such examination have to be paid the Municipality

② Incidentally, the DPH mentions that the annual Contribution of Rs 1000 by the Municipality towards the Institute is also not paid

③ Govt for orders Municipal Act may be consulted

④ When all other municipalities are paying for the work done by the Chemical examiner the Authorities of the Bangalore City must also - does not seem to be valid - Municipal Act may be consulted

6) The Bangalore City Municipal Council has resolved on 15.11.48 not to pay the bill for Rs 1420 from the Chemical Examiner, the reason addduced being that the analysis is done by the Health Department in the interests of the health of the citizens of Bangalore the Municipal Council are also of the opinion that the main cause for the presentation of the bill is the refusal of the Hon Director of Public Health to permit the Analyst (Municipal Employee) Sri Govindaraja, appointed by the Municipal Council to work in the Laboratory. Whatever may be the cause, the bill has to be paid by the Municipality just as the Municipal Council are doing, as stated in para 4 supra

Sir

Bill for R 1,420/- and P 120/- payable by the Bangalore City Municipality

I have the honour to state that two bills one for P 1420/- for testing 142 samples of milk and another for Rs 120/- for testing 12 samples of ghee etc , were sent by the Chemical Examiner, Public Health Institute for examinations done as desired by the Bangalore City Municipal Council The Municipality was not treated as a body separate from other Municipalities They were charged for the work in the same way as the Bangalore Civil Station Municipality who are paying for the examinations done in the Public Health Institution

The Municipal Council has resolved in its meeting held on 15th November 1948 that the analysis was done by the Health Department in the interest of the health of the citizens of Bangalore, the bill for Rs 1420/- from the Chemical Examiner is not fair and proper and that the payment may therefore be not made from the Municipal funds (Vide copy enclosed)

It may be stated that because the work was done by the Chemical Examiner, in the absence of the Municipal Chemist the charges for such work have to be paid for by the Municipality

In this connection, it may be stated that the annual contribution to the Institute of Rs 1,000/- by the City Municipal Commissioner has not been paid till now even though thework has been done for the Municipality by the Chemical Examiner

I request you kindly to convey orders of Government in the matter.

Yours faithfully,
